

Environmental Policy Statement

A Brunton Ltd Waste Environmental Policy Statement

A Brunton recognise the importance of environmental protection and is committed to operating its business responsibly and in compliance with relevant environmental regulations, legislation and approved codes of practice specifically relating to the management of waste and recycled materials, but incorporating our overall business activities.

It is our objective to operate with, and to maintain good relations with all regulatory bodies, and to carry out all measures reasonably practicable to facilitate the ability to continually improve environmental performance, We will:

- Assess and regularly re-assess the environmental effects of our equipment, plant and operations.
- Adhere to all relevant regulations concerning waste and environmental well-being.
- Ensure that all suppliers and sub-contracted operations are in-line with this policy, and that they are aware of their respective responsibilities to the environment.
- Train all employees in environmental issues and raise awareness and actively promote the establishment of a clean and healthy environment.
- Minimise the production of waste and material wastage.
- Minimise energy wastage by promoting the efficient use of energy, water and other resources.
- Reduce and/or limit the production of pollutants to water, land and air. All waste will be disposed of under controlled conditions when re-cycling and/or the re-use of the materials is not an available option.
- Control noise emissions from the operations.
- Minimise risk to the general public and employees from A Brunton Ltd's operations and activities.

This policy is communicated to all employees, suppliers and sub-contractors and is also made available to the public.

All personnel understand their obligations under this policy statement, and abide with the principals and contents of the Environmental Management System Manual.

A Brunton Ltd regularly monitors and reviews our environmental performance and this Environmental Policy Statement in order to ensure its continuing suitability, and will implement improvements whenever appropriate.

Signed

Peter Brunton
